## A SPECIAL PLACE

Since Casona de Yaiza was built in 1825 it has always had the same purpose, which is to provide its occupants with the most perfect place in which to relax and enjoy life. At first the house was used by one of the wealthy families from Arrecife as a weekend and summer residence. Today this completely renovated complex is one of the first places to head for if you want a holiday in the south of Lanzarote that provides a certain luxury, combined with a friendly atmosphere.

In Casona de Yaiza, director and owner José Ignacio Amigo, together with his partners, has created a hotel where if one was looking for somewhere to spend a perfect holiday, this would be it. They have made a relaxed ambience with totally professional staff that cares for their guests in a friendly manner, far away from the impersonal service often found in some big hotels.

“In our hotel guests feel at home and over the years many have become close friends. We always give our best and we offer help and advice wherever possible, suggesting where they can explore some of the best parts on the island. The fact that we only have 8 bedrooms gives us the opportunity to dedicate ourselves to our guests, giving the time and attention that they deserve”. Casona

de Yaiza has a sumptuous interior, with antique furniture, inspiring colours and the paintings of Germán Carrévalo creating a unique decor. In the restaurant, Mariano is responsible for the high class dishes presented to the hotel guests and numerous visitors who have discovered its special atmosphere.

The restaurant, which is in the old bodega of the house, has achieved its reputation by word of mouth, the best way to advertise. The rooms in the old aljibe of the Casona are well known for being one of the most exclusive and nicest places for celebrating

that special occasion with friends or family. During the last two centuries, Casona de Yaiza has maintained the dream of the family who built it, a special place to be, on the edge of the beautiful town of Yaiza, where you can enjoy peace and tranquillity, giving yourself time to get to know the area from both its best and traditional aspects. At the same time you have the perfect central point from which you can start to discover some of the most beautiful parts of the island, guided and advised by locals, with their caring and helpful attitude, one of their greatest qualities ■
