

LANZAROTE BUSINESS SALES

The all-in-one package for new businesses

Each year an increasing number of younger people decide to start a new life here in Lanzarote, and many combine this decision with the desire to open their own business. The search for the right premises is the first step, but there are also a lot of local factors that have to be taken into account.

First of all it is vital to check that you have the correct licences and paperwork, and that you find out about local requirements for paying taxes and rates.

Interval Marketing has opened a new branch called Lanzarote Business Sales (LBS) with Phil Burch as its Director. He knows the right way to do things and all the necessary requirements, because he learned through bitter experience when he opened the very successful Wax Bar in Playa Blanca. In Lanzarote Business Sales he is able to combine all his knowledge and local contacts to give his clients a complete and secure packing of services. For Phil, finding the right premises for you is only the beginning of his job - not the end as often happens with many agencies. LBS will check that all the necessary licences are in place,

LBS | Interval Marketing | CC Yaiza Local 14 | Playa Blanca | Tel: 928 517 760

will help with financial advice and banks, local promotion agencies or communication media, as well as help with marketing strategies for this special island - all of these are part of a package where we take into account the personal needs of each client.

"I know the problems that the owner of a new business often has to confront, and can help to solve them. Apart from finding an ideal place for your business, you have to consider the special characteristics of this island. Instead of struggling on on your own, you can have the benefit of my experience with numerous contacts that I have built up over the years. For example the search for providers or the installation of a telephone line can sometimes take weeks if you are not 'in the know', however you can avoid a lot of hassle if you understand the potential problems from the beginning using my expertise."

Apart from a professional and secure internet presentation for registered clients, LBS also give 30 years of experience of Interval Marketing in the real estate business. A perfect symbiosis offering so much to all our clientele ■
