WHICH IS YOURS?

A quiet home living in contact with the island

Playa Blanca is a holiday paradise for many people but when you leave the tourist area you discover that the land around Yaiza is full of natural beauty. In traditional villages such as Yaiza, Uga, Las Breñas and Femés you will meet the typical Lanzaroteños who are friendly, open people with their calm and easy going lifestyle.

In the bars and markets in this area, the pure Lanzarote life abounds. Nearby, many magical places like the Fire Mountains, the wine region of La Geria, El Golfo, Los Hervideros and the salt pans of Janubio invite you to spend some special moments in their midst. You can start right from your own doorstep on a walk through the unique lava landscape of the Island. Some of the best beaches on Lanzarote are only ten minutes away.

Many residents have already decided on a life which combines quietude and Canarian flair, with a high quality of living. Spacious villas, totally renovated country houses or new and modern style buildings, give you the perfect framework from which to enjoy peace and seclusion. Here you can choose to plan your house and land exactly as you wish. Enjoy the privacy of your swimming pool, plan your garden to your own specifications, and park your car directly in front of your house. No need to consider your neighbours or co-owners, you are secluded and can make the most of your property and its surroundings.

Come to the countryside and live amongst the magic that is this Island.
