

THE PERFECT LEISURE PACKAGE

Since November last year there is a new place to meet on the promenade in Playa Blanca, which offers a whole lot of attractions. Here you can spend your leisure time with a big variety of cultural, culinary specialities, live music, dancing, regular markets and presentations of typical canarian folklore dancing and music, also canarian sports which are only practiced on the islands. You can be guaranteed that everybody will find something here to spend a perfect and relaxing time.

To make the best of your free time check the possibilities in Playa Blanca, you will always find something new going on. The Plaza Princesa Yaiza gives another step in that direction, with a meeting place that the town deserves, where it is impossible to be bored when you can meet up with friendly people in these surroundings.

In the Plaza there are four different eating places with a great variety of food to suit every taste. Typical canarian tapas and

modern creations in **Mas Tapas**, first class Mediterranean dishes in the Italian restaurant **Don Giovanni**, snacks and refreshments in the ice-cream parlour with a fruit bar **La Gelateria** or exquisite high class cuisine from the hand of chef Denis Cappellino in the gourmet restaurant **Isla de Lobos**.

During the daytime there are regular markets where you can buy typical artisan work, you can watch local sports such as Lucha Canarias, or you can enjoy concerts given by local folklore groups. There is always something going on in the Plaza, there are big posters displayed on the promenade telling you what is available and when. Another possibility is a visit to the **Thalasso Centre**, where you can relax while having a professional massage, enjoy the healthy medical treatments or have a hydro-massage in a sea water pool.

At night the Plaza takes on a different mood. After a good dinner or a nice walk

along the promenade, you can pop into the jazz club **4 Lunas** where there is a very special ambience with top class live music. An ideal place to try out one of the numerous cocktails and listen to wonderful jazz played by popular musicians, whilst enjoying the warm evening air of Playa Blanca. If you want to party a little bit more, visit the discotheque **Mojitos** next door which offers good music till dawn.

At the inauguration party some famous names were present such as Julio Iglesias Junior and Lanzarote born ex-Miss Spain Helen Lindes. Whilst helping to celebrate the occasion they showed great enthusiasm for this new high class leisure Plaza. No wonder because it is all so well done with attention to every little detail, the owners of the Hotel Princesa Yaiza have maintained their successful concept of offering canarian hospitality in keeping with the traditions of the island, creating a warm and friendly atmosphere giving everyone a feeling of well-being. A perfect package.
